

WHY VOTE AT ALL?

Maybe you're disenchanted. Tired of promises, tired of noise, tired of nothing changing. Maybe you've checked out, because it stopped feeling worth it to care.

We get it. But here's the thing:

Checking out doesn't stop the decisions. It just means someone else makes them. Someone else sets your property tax rate. Someone else decides what your kids learn in school. Someone else controls your tax dollars.

You don't have to trust politics. You just have to show up, and make sure someone else isn't making decisions on your behalf.

**You may be jaded.
But you can still show up.**

VOTE.

THE RACES THAT AFFECT YOUR FUTURE

Presidential races get the headlines. But the people elected this November will make decisions that affect you directly.

STATE COMPTROLLER

Decides how your tax dollars are spent.

STATE REPRESENTATIVES

Vote on school funding, water policy, your paycheck.

JUSTICE OF THE PEACE

Handles small claims, evictions, traffic court.

US SENATOR

Serves as your voice in the federal government

Midterm elections can be decided by hundreds of votes. Sometimes dozens in the local races. Make sure your voice is heard.

SHOW UP. VOTE.

EARLY VOTING: OCT 19–30

ELECTION DAY: NOV 3

Check your registration: votetexas.gov

Brought to you by the Comal County Democrats
